What do you think are the most important issues or concerns related to proposed improvements to US 77 from IH 37 to US 83?

TxDOT is considering options to build relief routes at Driscoll and Riviera. Relief route options include east, west, and through these communities. If constructed, these relief routes are likely to be tolled.

What is your opinion about the recommendation to build a relief route to the east of Driscoll?

What is your opinion about the recommendation to build a relief route to the east of Riviera?
